Metacut CF

Multipurpose Neat Cutting Oil

Product Code: AF9

Product Description

Pennine Metacut CF is a pale coloured non-corrosive multipurpose neat cutting oil. Manufactured from highly refined mineral oil and incorporating non staining extreme pressure additives and lubricity agents it is suitable for the machining of both ferrous and non ferrous metals.

Applications

Metacut CF is suitable for a wide range of machining operations on both ferrous and non ferrous metals, including yellow metals. It offers good surface finish and tool life. Metacut CF may also be used in non critical low pressure hydraulic systems.

Features & Benefits

- Pale coloured ~ Excellent work piece visibility
- Excellent lubricity ~ Promotes improved tool life
- Low odour ~ Improved operator acceptability

Typical Test Data

Density @ 15°C	0.89
K.V. @ 40°C (cSt)	22.2
Flash Point (°C)	198

Availability

Pennine Metacut CF is available in bulk, 1000 litre IBC's, 205 litre barrels, 25 litre drums and 5 litre plastic bottles.

Storage

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open.

Health and Safety

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Pennine Lubricants is one of continual improvement; we therefore reserve the right to change specifications without notice.
